

R-11-108 Meeting 11-30 November 9, 2011

### **AGENDA ITEM 7A**

#### **AGENDA ITEM**

Approval of the Administration and Budget Committee recommendations for the Fiscal Year (FY) 2011-12 Midyear Budget

#### ADMINISTRATION AND BUDGET COMMITTEE RECOMMENDATIONS

- 1. Receive the Controller's FY2011-12 Midyear Financial Review for the five month period, April 1, 2011 thru August 31, 2011.
- 2. Adopt the Committee's recommendation to approve the proposed FY2011-12 Midyear Budget.

#### **SUMMARY**

The Administration and Budget Committee (Committee) met with the General Manager, Controller, and staff on October 6, 2011, to review the Controller's report regarding the District's FY2011-12 financial position and the proposed FY2011-12 Midyear Budget and Action Plan updates. The FY2011-12 property tax revenue forecast remains flat and has dropped \$21,000 to \$27,619,000 from the Adopted Budget. Total FY2011-12 Midyear budgeted expenditures decreased \$525,079 or (1.2%) to \$42,891,829. This decline is due to Operating Expenses decreasing by \$72,171 or (0.5%) from the Adopted Budget, and Planning and CIP projects decreasing \$462,058 or (9.1%). Capital Expenditures (CapEx) remain at 7.8% of property tax revenue, below the 10.5% guideline maximum.

#### DISCUSSION

The FY2011-12 Annual Budget of \$43,416,908 was adopted by the Board of Directors on March 23, 2011, with a property tax revenue forecast of \$27,640,000 (Report R-11-46).

The District's Midyear Budget and Action Plan is a review of the five-month period April – August, 2011 and includes updates on the property tax revenue forecast and changes in District projects, priorities, and emphasis for the remaining fiscal year. The FY2011-12 Action Plan reflects an increase in the number of Key Projects that increased from 96 projects to 105 projects, and includes the District-wide Strategic Plan and Integrated Accounting and Finance System (IAFS) implementation. For more information on the FY2011-12 Action Plan projects, refer to Board Item 8B.

R-11-108 Page 2

## Revenues

Property Tax Revenue for FY2011-12 remains essentially flat, having dropped by \$21,000 to \$27,619,000 from the Adopted Budget. Grant Income for Development Projects dropped \$695,000 as a result of deferring the \$921,000 Federal funding for the Mount Umunhum remediation and demolition work and its related federal cost reimbursement. The remaining \$225,700 in grant income is for the following Planning projects:

- \$52,000 for the Hicks Flat Remediation;
- \$148,000 for the Big Dipper Fisheries Restoration;
- \$25,700 for the Thornewood San Francisquito Creek Watershed Restoration

Additionally, Peninsula Open Space Trust (POST) will reimburse 100% of the costs for the Mindego Gateway project, for an anticipated total of \$175,000 this fiscal year.

## **Total District Expenditures**

The proposed FY2011-12 Midyear Budget totals \$42,891,829, reflecting a decrease of \$525,079 or (1.2%) from the FY2011-12 Adopted Budget (Table 1).

R-11-108 Page 3

## A. Operating Expenses

Overall Operating Expenses (OpEx) dropped \$72,171 or (0.50%) from the Adopted Budget, primarily due to:

- Salary expense decreased of \$71,214 or (0.9%) from the Adopted Budget due to staff activity (retirements, vacancies, and leaves of absence);
- Benefit expense increases of \$38,592 or 1% over the Adopted Budget due to changes in Employee health insurance selections, which resulted in a \$52,170 increase, offset by CalJPIA Worker's Compensation credit of \$13,650;
- Unplanned costs of \$25,000 for the General Counsel Recruitment and \$35,000 for temporary staffing resources needed for implementation of the IAFS. The IAFS project plan was received from the consultants after the Annual budget was adopted.

## B. Fixed Assets and Capital Projects

Total Fixed Assets and Capital expenditures decreased by \$462,058 or (9.1%) from the Adopted Budget and include the following major changes:

- The Mount Umunhum Remediation and Site Planning project has decreased \$439,258 (40.2%) below the Adopted Budget to \$652,133. This is due to necessary additional analysis needed to complete the project Environmental Impact Report, which has delayed commencement of the demolition component of phase I, now scheduled for FY2012-13. More detail on the Mount Umunhum project can be found in Attachment 8.
- The Staff Facilities budget is reduced by \$219,000 or (29.1%) from the Adopted Budget to \$533,500. This includes a decrease of \$95,500 for the South Area Field Office to reflect site design delays after early site investigations indicated insufficient water availability, and a \$123,500 decrease in the Skyline Field Office improvements due to the unexpected costs associated with fire code compliance which made the project unaffordable.
- The unanticipated Alma College petroleum remediation expenditures of \$150,000.
- The Mindego Gateway project was added to the Action Plan at \$175,000; however, 100% of project cost is to be reimbursed by POST except for \$22,000 previously budgeted by the District for the new Mindego Trail component.

### C. Property Management

Property Management expenditures increased \$49,651 or 23.7% due to the Silva property reconstruction to repair extensive termite damage.

## D. Land and Associated Costs

The Proposed Midyear Budget for new land expenditures is \$13,740,500, a decrease of \$40,500 from the FY2011-12 Adopted Budget.

For the remainder of FY2011-12, the Real Property Department will continue to focus on purchasing land in the Coastal Protection Area, and continue to fill in the open space greenbelt (including potential property additions to the Sierra Azul, Purisima Creek Redwoods, Miramontes Ridge and El Corte de Madera Creek Open Space Preserves). Additionally, a Lease and Management agreement will be proposed with POST for the October Farm property at Purisima Creek Redwoods Open Space Preserve. In January 2012, the final Carilli parcel

R-11-108 Page 4

located in the Sierra Azul Open Space Preserve is anticipated to be purchased by POST, and subsequently patrolled by the District under the existing Lease and Management agreement.

#### FISCAL IMPACT

Final adoption of the Proposed FY2011-12 Midyear Budget by the Board of Directors will authorize \$42,891,829 to fund completion of the District's Action Plan projects and all other District functions for the remainder of the current fiscal year.

### **PUBLIC NOTICE**

Public notice was provided as required by the Brown Act. No additional notice is required.

## **CEQA COMPLIANCE**

This proposed action is not a project under the California Environmental Quality Act and no environmental review is required.

#### **NEXT STEPS**

The Board determines whether the Committee must meet further to discuss and refine the FY2011-12 Proposed Midyear Budget or other topics.

# Memorandum

**DATE:** October 20, 2011

MEMO TO: Board of Directors

FROM: M. Foster, Controller

SUBJECT: Mid-Year Financial Review

## Controller's Report

Attached are unaudited financial statements for the five months ended August 31, 2011.

Exhibit A contains the District's August 31 balance sheet compared to our audited position on March 31. Our cash balance increased by \$13.6 million due to the sale of the \$20 million of 2011 Revenue Bonds, offset by \$7.1 million of debt service payments. The District also closed \$4.6 million of land acquisitions; these are listed in Exhibit E. The principal amount of previously outstanding debt was reduced by \$4.0 million, so overall debt outstanding rose by \$16.1 million to \$142.0 million.

Exhibit B shows our five-month revenues compared to the same period a year ago and to the twelve month budget. Based on the final assessed valuation reports from the two county assessors, received in July, fiscal 2012 tax revenue is expected to total approximately \$27.6 million, or within 0.1% of budget. Grant income totaled \$591,782 in this period--\$500,000 from the coastal conservancy for the POST-Silva property acquisition and \$91,782 of preserve development funding. No grant funding is now expected in fiscal 2012 related to the Mt. Umunhum project (budgeted at \$921,000) as this is being deferred to fiscal 2013. Interest, rental, park management and other income appears to be on track.

Exhibits C and D review five-month operational and preserve development spending against the twelve month budget (C) and compared to the same period last year (D). The District spent 31% of its twelve-month administrative, operations, and preserve development budget during the first five months, down slightly from 32% after five months in each of the last two years. If all costs were on budget and linear over the year, 42% of the annual budget would have been spent by the end of five months. By department, the five month spending (excluding land purchase and debt service) versus the twelve month budget was Public Affairs 35%, Operations 34%, Administration 33%, Real Property 30%, and Planning 21%. Excluding capital spending on vehicles, machinery and the radio project, Operations department spending was at 40%. By type of expense, Salaries and Benefits ran at 40% of annual budget, Services & Supplies 35% and Fixed Assets (excluding land purchases) 9%. As is usually the case, Structures & Improvements and Equipment & Vehicles are the two categories with the lowest first half spending relative to the annual budget (11% and 1%, respectively). Salary and benefit expense represented 74% of total District non-land spending, the same as last year, the same as the last two years.

As shown in Exhibit D, administration, operations and preserve development spending was up 1% from last year's five month spending level. This compares to an average first half increase of 10% over the last three years and 8% over the last eight years. Salaries and Benefits increased by 2%, Services & Supplies expense dropped by 3%, and non land fix assets spending and capitalized land acquisition support costs grew by 6%. Total benefits represented 46% of total salaries – up two percentage points from the prior year period. Retirement plan expense grew by 11% and group insurance expense increased by 10%

The outlook for district property tax revenue growth in fiscal 2013 remains modest. The index used to compute California consumer price inflation shows a 2.4% increase between October 2012 and June 2011. Therefore, secured assessed valuation will be up by at least the 2% from CPI. Based on interim reports from the county assessors, my current projection is for an overall 3.4% tax revenue growth in the 2013 tax year, or a 2.9% increase in our hybrid fiscal year.

Due to the passage and signature of AB612, the District has the opportunity, beginning in January 2012, to refinance its 1999 Bonds (\$31 million outstanding) with 30 year notes. Given current bond market conditions, such a refinancing could reduce District debt service over the next twenty years by up to \$20 million. Of course, debt service would rise significantly in the succeeding ten years, but existing debt service falls to very low levels during that period. Therefore, staff is beginning to work with underwriters and bond counsel to structure a January 201 bond issue. The principal amount would be approximately \$33 million. The issue would include no new money; the proposed objective is to shift the maximum prudent amount of debt service out beyond twenty years.

Overall, the financial results of the first five months indicate revenues and expenditures are consistent with the District's long-term financial plans.

| (2) Current, unescalated costs                   |            |           |           |           |  |  |  |  |
| (3) \$3.2M Federal Grant Awarded                 |            |           |           |           |  |  |  |  |

An update to the Mount Umunhum project and the District's expected cost are reflected in Table 3, above. Of the total project (unescalated) cost of \$13.3M, \$3.2M is the Federal Grant awarded for Phase 1 (Site Clean-Up). The District's contribution for Site Clean-Up is estimated at \$1.27M. To complete Phase 2, which constitutes basic site improvements needed to allow public access to the summit, staff estimates a total District contribution of \$657,718, assuming that the remainder (\$892,282) is secured via other sources of funding. Funding of future phases is too speculative at this juncture. Staff expects to seek outside funding to help offset some if not most of these future expenditures.
